I personally, make all the arrangements for shipping your puppy. I also, personally, take your puppy to the airport to ensure his safety and wellbeing and to prevent exposure to any sick puppies in a dog transport vehicle, possibly carrying dozens of dogs, including those from puppy mills. All you have to do is go to the

airport(pickup location directions will be sent to you via email, along with the flight information) with a picture ID to pick up your puppy. I will not ship outside of the US. Canadian buyers must cross the border to pick up their puppy at the closest major US airport.

Thank you for purchasing your puppy at Mystique Furbabies. I've done my best to ensure your puppy comes to you healthy and happy. I raise my puppies in a safe, healthy, loving environment which includes: current vaccinations/deworming, a premium nutritional diet(Eukanuba Small Breed Puppy Food), exercise, veterinary care and socialization. My puppies are sold with limited registration as companions only, unless I feel confident that you'll be giving the puppy a wonderful, loving home along with your plans to breed him/her. I require a phone interview before agreeing to any puppy sale. After a phone interview to discuss your future plans for the puppy, I will make the decision about unlimited/breeding registration. Every puppy is unique in appearance, personality, size, etc. I try to help you choose the puppy best suited for your family and lifestyle. Placing my puppies in a loving home and making the transition as smooth as possible for the puppy and you is my goal! I use AKC, APRI, ACA, CKC & FIC registries. If you prefer AKC papers for your companion puppy, there is a charge of \$150.00. Otherwise, I use the other registries for companion puppies.

---

At the time of leaving for his new home, this puppy is guaranteed:

- 1) to be in good physical and emotional health.
- 2) Current on all puppy shots/deworming
- 3) will have a comprehensive health exam before leaving and has been issued a

Health certificate (unless you decide on a Saturday or Sunday to pick up your puppy & I am unable to schedule this appointment, before he leaves.)  
4) to be a purebred puppy.

Buyer agrees to take puppy to a licensed vet within 72 hours of leaving sellers possession for an examination to ensure puppy is in good health at time of delivery.

Buyer or vet will email exam results immediately to seller. Buyer will also send written proof of veterinarian's exam, along with a written evaluation of the condition of the puppy during exam, to seller within 10 days. Please make your "new puppy" vet appointment as soon as you know the date of your puppy's arrival. Buyer agrees to provide puppy with routine preventative care, such as, but not limited to:

- 1) annual physical exam by vet.
- 2) follow vet's guidelines for shots/dewormings/heartworm/flea/tick preventative.
- 3) to provide adequate housing, food & water.
- 4) not to allow dog to run loose.
- 5) not take puppy to a public dog area (pet store, dog park, etc.) until all puppy shots have been completed.
- 6) read the tips on my website in order to give the puppy the best beginning possible in his new home.
- 7) most importantly, give him lots of love!!!!

To keep this guarantee in force, the buyer agrees to these conditions.

---

Seller does not guarantee this puppy can be shown or bred. Seller makes no guarantees on: size, weight, coat, height, color, etc. Seller will not be responsible for any medical expenses incurred. This guarantee does not include Coccidia, Guardia or kennel cough, due to their unpredictable nature, as these are sometimes stress induced or can be contracted by contact with sick puppies at the airport, vet's, pet store, etc. Buyer agrees that he/she understands this contract fully and that this contract is under the jurisdiction of the state of Missouri, county of Cooper, and that the place of venue shall be in Cooper County, Missouri.

---

Hernias are a fact of life during whelping. Most hernias aren't congenital and happen at birth when the mother pulls/chews through the cord. Large hernias, that might endanger a puppy's health will be repaired prior to leaving unless the puppy is to be spayed/neutered and my vet has agreed that it's all right to wait until that time to repair it. In order to prevent undue stress, coat loss, etc. on the puppy, the hernia will be repaired at the time the puppy is spayed/neutered.

---

This guarantee will be null and void if:

- 1) Buyer gets any vaccinations for the puppy within 10 days after receiving puppy.
- 2) Buyer uses any heartworm/flea/tick preventative containing Ivermectrin (Heartguard) on a puppy weighing less than 4 lbs. I recommend Interceptor.
- 3) Buyer allows vet to give a full dose of any vaccine on a Brussels Griffon puppy weighing less than 4 lbs. Please tell your vet to use half doses until the puppy is over 4 lbs.

4) Buyer does not take this puppy to a veterinarian, within 72 hours after receiving the puppy, for a check up and then send the vet's report to the seller within 10 days after the checkup.

---

If within 2 years after receiving puppy the buyers veterinarian discovers a congenital defect that will interfere with the normal life function or health of the puppy, replacement will be made as soon as a puppy of equal quality is available, upon the return of the puppy and the registration papers at the buyers expense.

Puppy's guarantee does not cover treatable conditions that may be triggered by the stress of travel, new environment, etc. If buyer decides to sell or otherwise dispose of dog, seller has first right of refusal, at current market value.

---

The age at which a puppy can leave is based on their size and personality. A sensitive puppy requires more assurance and socialization and may need to leave a week or two later than his littermates. Also, if there are very small children or large animals in the home a puppy may need to be a little larger and sturdier before leaving. I prefer no puppy leave before 10 weeks but will discuss this with you. It isn't true that you need to bond with your puppy by eight weeks, when in fact that is a more vulnerable age and a puppy can be traumatized more easily.

---

Mystique Furbabies does not ever sell to pet shops, brokers or puppy mill breeders. Nor will we sell our puppies to a breeder who will sell their offspring to pet shops or brokers. If a puppy is purchased for one of these Buyer will be liable for the maximum penalty allowed by law under this contract. Buyer understands that if they breed this dog, none of its offspring will ever be sold to a pet shop, puppy mill or wholesale broker. Should buyer do so, there will be a \$500.00 penalty assessed for each puppy sold to one of these parties. In this way, we are able to protect the Mystique Furbabies bloodlines.

---

I have read this contract and agree to all of the above mentioned requirements.
